

**Job Title:** Prototyping and Testing Fabricator

**Company Category:** Manufacturing

**Location:** Fresno County, City of Fresno

**Position Type:** Full-time

**FLSA Status:** Non-exempt

At **Keiser Corporation**, we are changing the world of fitness. For over four decades, **Keiser**, a leading manufacturer of exercise equipment, has been changing how people of diverse ages and abilities exercise while helping to improve their performance and quality of life.

We are currently looking for an experienced ***Prototyping and Testing Fabricator*** to be responsible for the overall construction and maintenance of testing machines and prototypes in the engineering department. The ideal candidate works well within a diverse team while also being able to operate independently and deliver projects on time and to specification. This candidate should have related manufacturing experience, and be a diligent, determined performer who thinks outside the box in order to help us find better and more efficient ways to manufacture our products.

More than 80% of the top professional sports teams in the world now train on Keiser machines, including every baseball team in the majors, the soccer champions of nine countries, several American football champions, and countless Olympians. From elite testing equipment to strength and stretching machines, we offer it all. Come be a part of our team!

## **PRINCIPAL DUTIES**

- Produce test machines to engineering specifications and monitor and maintain test machines throughout the life cycle
- Ability to build custom prototypes from limited information and work with engineering on construction and iterations not only with speed but also with accuracy
- Preparation and fabrication of parts to engineering specifications using lathes, mills, welders, grinders, CNC, and hand tools
- Tracking and documenting of fabrication processes and results

## **JOB REQUIREMENTS**

- HS diploma or equivalent required
- Comfortable with computers, including Microsoft Office (Excel specifically)
- Ability to read and understand complex engineering drawings
- CNC experience required (training can be provided for the right candidate)
- Experience in welding - MIG required, TIG is a plus
- Knowledge and experience with various shop tools and machines, including lathe, mill, grinders, CNC, hand tools, etc.
- Demonstrated, hands-on mechanical skills required

## **PREFERRED SKILLS**

- Ability to handle multiple projects, prioritize, and work in a team environment
- Ability to maintain a clean and organized workspace
- Ability to adapt quickly to changing business needs
- Strong mathematical and analytical skills

- Demonstrated problem-solving skills
- Good time management skills in order to meet multiple deadlines

## **WORK ENVIRONMENT**

- Standing for long periods of time
- A large percentage of work time is spent in a production warehouse where temperatures range from warm to cool and noise levels can be moderate to high
- Work hours M-F (hours to be determined)

## **COMPENSATION**

- Non-Exempt position; Pay range: \$18 - \$22 an hour
- Final compensation will be determined and based on experience
- This range is a good faith estimate of the expected salary for this position, based on a wide range of factors including qualifications, experience and training, operational and business needs, and other considerations permitted by law
- Quarterly bonus option available for most employees

## **BENEFITS**

- Low-cost premiums for Medical and Vision coverage for employees, with the option to add family members
- Employer-paid Dental coverage for employees and their family members
- Employer-paid Life Insurance/AD&D and Long-Term Disability
- Voluntary Flexible Spending Account plan
- Voluntary AFLAC plans which include life, accident, cancer, etc.
- 401k with generous employer match
- Paid time off - accrued vacation and sick time plus 8 paid holidays annually

*Candidates for positions with Keiser Corporation must be legally authorized to work in the United States. Verification of employment eligibility will be required at the time of hire. Visa sponsorship is not available for this position.*

*As an Equal Opportunity Employer, Keiser Corporation will recruit and select applicants for employment solely on the basis of their qualifications.
