

## Software Engineer I

At **KEISER**, we are changing the world of fitness. For over four decades, **KEISER** has influenced the training of athletes, fitness enthusiasts, and rehabilitation experts worldwide with better fitness products that unite both components of human performance: the force you produce, and the speed at which you produce it.

More than 80% of the top professional sports teams in the world now train on Keiser machines, including every baseball team in the majors, the soccer champions of nine countries, several American football champions, and countless Olympians. From elite testing equipment to strength and stretching machines, we offer it all. Come be a part of our team!

We are currently looking for a passionate ***Software Engineer*** to help us build the next generation of fitness applications. You will join our unique team that builds applications for web, mobile, server, and desktop. You will be responsible for building what the user sees and interacts with.

### PRINCIPAL DUTIES AND RESPONSIBILITIES

- Develop and maintain future and current applications.
- Own, drive, and execute a full software development cycle.
- Deliver quality software by assigned deadlines.
- Join a fast-moving team where quality and user experience comes first.
- Working in a Waterfall/Agile environment, where team work is always recognized and appreciated.
- Translate UI Mocks to fully functional features.
- Write Unit and integration test.

### EDUCATION

- Bachelor's degree in Computer Science or equivalent.
- Exceptional technical and problem-solving skills and reasoning ability
- Ability to communicate effectively and clearly
- Must be self-motivated and a great team worker

### KEY QUALIFICATIONS

- Experience with HTML5, CSS, and Javascript (typescript)
- Solid knowledge of REST API and integration patterns
- Strong analytical and problem-solving abilities.
- Strong written and verbal communication skills
- SQL database or relational database skills

## **PREFERRED SKILLS**

- Experience in Flutter
- Experience in Vue
- Experience in mobile development
- Experience with UI/UX development

## **COMPENSATION**

- Non-exempt position; Hourly compensation between \$34.62/hour to \$38.46/hour
- Final compensation will be determined and based on experience
- This range is a good faith estimate of the expected salary for this position, based on a wide range of factors including qualifications, experience and training, operational and business needs, and other considerations permitted by law

## **BENEFITS**

- Low medical and vision premiums for employees
- Employer-paid Dental
- Flexible Spending Account option
- Employer-paid Life Insurance/LTD
- 401k with employer match
- Paid Time Off
- Quarterly profit-sharing bonus for eligible employees

*Candidates for positions with Keiser Corporation must be legally authorized to work in the United States. Verification of employment eligibility will be required at the time of hire. Visa sponsorship is not available for this position.*

*As an Equal Opportunity Employer, Keiser Corporation will recruit and select applicants for employment solely on the basis of their qualifications. Our practices and procedures will be administered without regard to race, color, religion, sex, sexual orientation and gender identity, age, national origin, disability, or protected veteran status and all other classes protected by the Federal and State Government.*

*We are a drug-free Employer.*
